Dear Presidents and/or Secretaries General,

WAE is preparing a special training course of Coaches Trainers in Antalya Belek (Turkey). This project is strongly supported by World Archery, because it will contribute to:

- Increase the number of opportunities of being educated as archery coach, since each new archery Coaches Trainer will train new archery coaches in his/her country and even abroad.
- Increase the number of new certificated archery coaches, with high training opportunities.
- Increase the pool of potential Coaches Trainers. As you probably know there are quite few at the moment.
- Reduce the cost, by using a Coaches Trainers living nearby
- Generate International exchanges on how to train archery coaches.
- Allow the local course to be conducted in the mother language of the participants
- Facilitate the cultural understanding between the Coaches Trainers and the participants and by consequence provide efficient training.
